EDUCATION

New York University, College of Arts and Science (New York, NY) Expected May 2026
Bachelor of Arts in Economics and Computer Science | GPA: 3.76

EXPERIENCE

University Learning Center, New York University (New York, NY) Sep 2024 – Dec 2025
Computer Science, Math, and Accounting Tutor

- Facilitated weekly one-on-one study sessions, helping ~110 students in time management and effective study by providing gentle reminders and motivation when they lost focus; increased productivity by 20%+
- Diagnosed learning bottlenecks by identifying where students struggled to translate abstract concepts into actionable understanding in Calculus; shared tutoring techniques in internal meetings and received recognition

Lingxi Games, Alibaba Group (Guangzhou, China) Jun 2025 – Aug 2025
Marketing Intern

- Researched AIGC images and videos platforms for content generation capabilities and limitations; produced two 6000+ word reports; listed as group-wise intro documents and received 90%+ positive feedback
- Managed company-owned Douyin account, using Hailuo and Dreamina (AIGC platforms) to plan, produce, and publish content; analyzed performance data to refine content, achieving 800+ followers in 3 weeks

Cypress Capital International Ltd. (Shanghai, China) May 2023 – August 2023
Summer Analyst

- Conducted industrial research on electric vehicle battery (EVB) industry and equity research on Contemporary Amperex Technology Co. Limited; gave a 1-hour report in the investment committee meeting and provided the committee detailed insight into EVB industry
- Enhanced the investment team's Southeast Asia due diligence through detailed documentation and meeting minutes, driving a 20% efficiency gain

PROJECTS

AI-powered Randomized Meal Generator Nov 2024

- Identified a product opportunity around personalized meal planning under dietary and health considerations
- Integrated multiple APIs (Gemini, Google Maps/Places, YouTube Data) to support content generation and discovery, iterating based on user needs

FinSMEs News Web Crawler Feb 2024

- Developed a tool that crawls, parses, and outputs the information on FinSMEs in a uniform format; Used by employees in LXL Capital to collect news of a list of companies efficiently.
- Self-taught the implementation and application of Selenium, BeautifulSoup, and docx library to open Chrome browser as search engine, scrape and parse web data, and write in MSFT Word respectively.

ACTIVITIES

Washington Square News (New York, NY) Sep 2023 – May 2024
Contributing Photographer

- Provided creative and journalistic photographs for news articles; Shot from multiple angles including long shots, medium shots, and close ups; read by 65,000 subscribers
